The itinerary...

DAY 1 – Sep 21 - Depart Toronto

International overnight flight from Toronto, Canada to Krakow, Poland on Air Canada.

DAY 2 – Sep 22 - Krakow (D)

Krakow is one of the most perfectly preserved old cities in all Europe, and although it stands as Poland's second largest, it rivals Warsaw in any claim to be the country's cultural capital.

As home to one of Central Europe's oldest universities, and one of the few parts of Poland not annexed by Germany or Russia (Cracow got the more lenient Austrians instead), the city has always punched above its weight as a place for independent art and thought.

The more learned will see Cracow as a textbook of Gothic, Renaissance and baroque architecture, which has earned it a listing as a UNESCO World Heritage site.

Krakow isn't just old and pretty, however, it's also a city that likes to let its hair down. With one of the highest concentrations of pubs, clubs and bars in Europe, hunting down the best of them in the Old Town backstreets and the hip quarter of Kazimierz is one of the city's true pleasures.

Arrive Krakow. You will be met by your guide from our local tour operator partner in Eastern Europe upon arrival who will take you directly to your hotel for check-in. During the transfer your guide will give you some brief information about your hotel, its surrounding and about Krakow as well as explaining your program for the following days. Check-in at your hotel and rest of the day free for your own leisure as you take some time to rest from your international flight.

In the evening, you will enjoy a welcome dinner in a local restaurant in the centre of town.

Overnight in Krakow.

DAY 3 – Sep 23 – Krakow (B, L)

Physicians – In the morning, visit to the **Collegium Medicum of Jagiellonian Univeristy in Krakow** (<http://www.cm-uj.krakow.pl/indexen.php>) to learn about the medical system in Poland including a presentation on treatment on COPD (treats asthmatic children)

Non-physicians – free time to explore this fascinating city independently.

After lunch take an afternoon tour of Krakow.

See the beauty of the **Old Town** with its original Medieval street layout, marvelous architecture, and unique atmosphere that distinguishes Krakow from the rest of Poland. As the former capital of Poland, Krakow has a rich history which is still visible even today.

Europe's largest medieval square, Rynek Glowny, is the centrepiece of the Old Town. Most of the buildings are in neoclassical style and dominating the square are the arcaded Cloth Hall and the Mariacka Basilica – a riot of colour inside.

The hilltop Wawel was the seat of Polish kings for over 500 years. Kazimierz was the centre of Kraków's Jewish community, until more than 90 per cent were killed in WWII

The Galicia Museum and nearby Old Synagogue commemorate this past. After an archaeological find discovered and excavated underground tunnels under Kraków's Main Market Square in 2005, the much publicized Rynek Underground Museum was created. However, there's more to the former royal capital than history and nightlife. As you walk through the Old Town, you'll sometimes find yourself overwhelmed by the harmony of a quiet back street, the 'just so' nature of the architecture and light. It's at times like these that Kraków reveals its harmonious blend of past and present, an essential part of any visit to Poland.

Evening at leisure. Overnight in Krakow.

DAY 4 – Sep 24 – Wieliczka Salt Mine - Auschwitz (B,L)

In the morning visit the Wieliczka Salt Mine.

*Some 14km southeast of Kraków's city centre, **Wieliczka** is famous for its ultra-deep salt mine, which has been in continuous operation for 700 years. The mine was included on Unesco's World Heritage List in 1978. The Wieliczka mine is renowned for the preservative qualities of its microclimate, as well as for its health-giving properties. The mine has a labyrinth of tunnels, about 300km distributed over nine levels, the deepest being 327m underground. A section of the mine, some 22 chambers connected by galleries, is open to the public as a museum, and it's a fascinating trip.*

You can visit three upper levels of the mine, from 64m to 135m below the ground, walking through an eerie world of pits and chambers, all hewn by hand from solid salt. You'll also see a collection of mining equipment, some of which dates back to the Middle Ages. Visitors are guided in groups and the tour takes about two hours. Your descent into the mine is down an original vertical mine shaft which has been customized for tourists by the addition of wooden deck style steps. You will walk about 2km through the mine, so wear comfortable shoes with a good grip. The temperature in the mine is 14°C.

Lunch will take place in the Underground restaurant at the Salt Mine Wieliczka after the tour. In the afternoon, drive to Auschwitz-Birkenau for a tour of the infamous camp.

Auschwitz-Birkenau, located outside the town of Oswicim. Established in 1940, the Auschwitz complex saw the deaths of nearly 1.5 million people, most of whom were European Jews. The complex, today a UNESCO World Heritage-listed museum, comprises the Auschwitz I camp and the Birkenau (or Auschwitz II) camp with a total of about 150 buildings and 300 ruins. Auschwitz was only partially destroyed by fleeing Nazis when the camp was liberated, so you are able to see many of the original brick buildings as you walk around. Explore the exhibitions, housed in some of the prison blocks, some of which are dedicated to victims from particular countries..

You'll also see Birkenau, once home to 300 prison barracks and four large gas chambers. Most of this camp was destroyed, but you will get an idea of the vast size of the area, fenced off with watchtowers, and you can enter some of the surviving barracks.

Return to Krakow. Evening at leisure. Overnight in Krakow.

DAY 5 – Sep 25– Krakow – High Tatras (B,D)

National Park High Tatras (Vysoke Tatry) is situated in the north of **Slovakia**, shared partly with Poland. The only mountains of Alpine type in the whole Carpathian Mountain range are often called "the smallest alpine mountains in Europe". There are three main parts of High Tatras, they differ in their geological composition and location. The inhabitants of the High Tatras live in the settlements situated along the "Road of Freedom", which joins Western, High and Belianske Tatras together. Lomnický štít (2.634 m / 8.642 ft) is possibly the most visited peak, probably because of its accessibility by cable car. You can find here the highest situated Astronomical and Meteorological Observatory in Slovakia.

Tatranska Lomnica, one of the biggest and most beautiful settlements in High Tatras. It is situated on the Road of Freedom, at the foothill of Lomnický Peak. With the highest (2.196 m / 7.205 ft) and steepest slopes, it is perfect for skiers.

Some free time to explore Krakow independently before leaving Krakow early afternoon to drive to Slovakia, to Tatranska Lomnica (located under famous Lomnický štít). Arrival to your hotel and check-in.

In the evening. Dinner you will at **Koliba**, a typical **Slovakian restaurant with local cymbalo music**.

Overnight in Tatranska Lomnica.

DAY 6 - Sep 26 High Tatras - Budapest (B, D)

Budapest - Straddling the romantic Danube River, with the Buda Hills to the west and the start of the Great Plain to the east, Budapest is the most beautiful city in central Europe. And the human legacy is just as remarkable as Mother Nature's. Architecturally, Budapest is a gem, with enough baroque, neoclassical, Eclectic and art nouveau (or Secessionist) buildings to satisfy anyone's appetite. With parks brimming with attractions, museums filled with treasures, pleasure boats sailing up and down the scenic Danube and Turkish-era thermal baths belching steam, the Hungarian capital is a delight both by day and by night. The food and wine are excellent, cheap and in abundance and the nightlife is hot. Indeed, in recent years, Budapest has taken on the role of the region's party town, especially in the warmer months when outdoor entertainment areas called *kertek* (literally 'gardens') heave with party makers.

After breakfast, leave Tatraska Lomnice and continue to drive south through the Slovakian countryside to Hungary, with its capital city, Budapest. Arrive mid afternoon and check into your hotel.

Take an early evening **river boat cruise on the Danube river** to see the main sights of this fascinating city and learn about interesting historical facts from your guide. This will be followed by dinner at a local restaurant.

Overnight in Budapest.

DAY 7 – Sep 27 – Budapest (B)

There is no better way to get to know more about Hungary, than with its food and drinks. This morning, take a walking tour starting with visit of **Budapest Central Market**, which is considered to be the one of the largest food markets in Europe, where you will learn more about history of the building itself and about the culture of eating and drinking in Hungary. Tour will continue in the neighborhood of the Central Market, where you will visit various local establishments) to understand the secret of Hungarian cooking and for the opportunity to taste some of this. The tour will finish with a tasting of local Hungarian wine, well-known for its high quality. Be ready for extraordinary culinary experience and come to this tour with an appetite!

Rest of the day is at leisure - continue to explore the city, visit the historical sights or take a dip in one of the famous spa centers!

DAY 8 – Sep 28 – Budapest (B)

Physicians - Morning medical conference at the hotel in Budapest.

Non-physicians - enjoy a morning tour of Budapest

Start the tour from the Chain Bridge and drive over to Buda. Take the Andrassy Avenue to downtown Pest, pass by the Opera House and the St Stephen's Basilica. Tour will end in the city centre.

The afternoon is free to continue to explore the city independently.

One of the ideas that we may suggest is to **visit the Parliament** one of the most remarkable buildings in the centre of Budapest.

The building stretches 268 meters in its length, along the Danube embankment. Ornamented with white neo-gothic turrets and arches, it forms the most outstanding landmark of the Pest side horizon. Statues of Hungarian monarchs and military commanders decorate the outer walls.

The unique interior design includes huge halls, over 12,5 miles of corridors, a 96-meter high central dome, and 691 rooms. When the Parliament is not in session, all these can be visited (cameras are allowed); The parts of the Parliament you can visit during the tour are as follows: Main Staircase, the Great Dome Hall, the Holy Crown and the Hungarian Coronation Jewels, the Parlor of the former House of the Lords and the Session Hall of the Upper House.

Evening at leisure. Overnight in Budapest.

DAY 9 – Sep 29 – Budapest (B, L)

Hungarian is one of only two European languages, which has its own word for 'wine' (bor) that is not derived from Latin. This means that the ancient Magyars already had contact with grapes and wine over a thousand years ago. The climate and the soil are perfect for wine making in Hungary and this small country embraces 22 wine regions, each with a different microclimate producing different tastes and styles.

*In the 18th century Buda was an important center of wine making. Today, the **wine growing region of Etyek-Buda** stretches south of Buda, with the small village of Etyek being one of the main wine producing areas. The climate is a little cooler here, which favors the production of white wines. The region is famous for making sparkling wines. While the best-known products on the market are the Törley champagnes, fresh, fragrant and elegant white wines are also produced here with increasing success.*

The leading grape varietal is Chardonnay followed by Savignon Blanc, Riesling, Szürkebarát (Pinot Gris) and Olaszrizling (Italian Riesling).

After breakfast, head off into the wine region of **Etyek-Buda**. Start your tour at **Etyeki Kúria** for a tour of the facility and sampling of a collection of their varietals. Then continue onto **Hernyák Vineyard**, located on one of the most beautiful parts of Etyek, the Öreghegy (Old Hill), for further wine tasting and a delicious lunch at the winery.

Travel insurance information... Coverage available through Manulife Insurance

We strongly recommend that you take out travel insurance to protect you against the unexpected due to, in particular, limited provincial health care coverage afforded to Canadians while traveling overseas and the cancellation provisions inherent in your booking. We offer two insurance coverage options –

Non-medical Inclusive package - There are **significant inherent cancellation penalties** associated with your booking as detailed in our booking terms and conditions and this insurance package provides coverage for all monies paid for your trip if you should have to cancel due to medical, or other listed, reasons either relating to yourself or a member of your immediate family. It also covers you for trip interruption costs short notice return flight home etc) for medical reasons again, either relating to yourself or an immediate family member as well as flight and travel accident and baggage insurance.

All-Inclusive package – provides coverage for all the components in the non-medical package, plus unlimited health coverage while in the destination

Note, if you believe you may have coverage through your **credit card** we would strongly advise checking with the credit card company the actual coverage afforded to ensure it covers medical, trip cancellation and trip interruption as not all of these items are covered (or may only offer limited coverage as to trip duration or insured \$amount in the event of a claim - sometimes as low as only \$1,000 per person) by all kinds of cards.

"Cancel for any reason (CFAR)" coverage - NEW and at no additional cost !!

So long as you **purchase either of the two insurance policies above at the same time as your tour booking**, you are automatically entitled to this added benefit of CFAR coverage whereby, if you need to cancel your tour booking up to 14 days or more before departure **for any reason**, your policy will refund you up to a maximum of 50% of the cancellation penalties incurred. This is excellent peace of mind coverage to protect you against (50% of the) cancellation penalties incurred in a situation where the reason for cancellation is not one of the regular covered risks in your policy (ie it is essentially "change of mind" insurance).

Our insurance premiums (dependent upon your age at the time of purchasing insurance and your total tour costs) are below -

For residents of Ontario, simply accept your choice of insurance (Non-medical Inclusive or All-Inclusive coverage) on our *online* registration form and we will apply the premium above on your invoice confirmation (if using our *pdf* registration form, enter the applicable premium from the above table when completing the registration form)

For residents of Canadian provinces other than Ontario, insurance regulations state that travel insurance should be taken out directly with Manulife Insurance, albeit through a direct web link hosted on our web site, ie you should purchase your travel insurance policy by clicking on the Manulife Insurance button in the "Useful Links and Files" section of our Myanmar & Bhutan web page within the Upcoming Programs section of www.DoctorsonTour.ca .

A detailed overview of coverage benefits and limitations of each insurance policy that we offer through Manulife may be found at -

Non Canadian residents should make their travel insurance arrangements independently, as our travel insurance provider, Manulife insurance, only allows for travel insurance coverage to be sold to Canadian residents.

ACCOMMODATIONS: We use a variety of accommodations on our programs with many of our properties specifically chosen to reflect the local style and culture of the region. Our rating system reflects the majority of the accommodations throughout each program but some variety can occur. Ratings are based not only on room quality but also on facilities and location. Accommodation ratings in overseas destinations outside of Canada are an arbitrary measure and their definition from country to country can differ slightly as well as not always being consistent between individual properties in that particular destination nor are they necessarily comparable to an equivalent rating in North America. Rooms are assigned by the respective supplier(s) on a run-of-the-house basis, in category (ies) as specified in the itinerary and the right is reserved to substitute properties/hotels/lodges/camps/cruise/ships as conditions warrant such change for reasons beyond our control. Accommodations on twin occupancy basis, is provided at the properties/hotels/lodges/camps/cruise ships as specified or similar. Single room supplements apply to persons occupying sole use of a room/cabin but travelling with other passengers on the same tour and sharing transport cost on transfers, game drives, coach tours, sightseeing and excursions. Quoted single room rate does not necessarily mean single occupancy of a double room, as several of the establishments offered have especially designed single occupancy units.

SINGLE PASSENGERS TRAVELLING TOGETHER: If you are travelling with a companion and each paying separately the regular each of two double sharing accommodation rate and your companion decides to cancel, the remaining travelling passenger will be responsible for either finding a replacement travelling companion to take the cancelled passenger's place or must pay the single supplement and travel on a single basis.

MEALS & BEVERAGES: Meals as included on our itineraries are either buffet meals and/or table d'hôte. Meals ordered through room service are not included and must be paid directly to the establishment. Alcoholic beverages, soft drinks, and bottled water are included only where indicated on the itinerary. Unless specifically mentioned in your itinerary, all drinks (both alcoholic and non-alcoholic) are to be purchased and paid directly to the establishments.

OPTIONAL TOURS, EXCURSIONS AND TRIP EXTENSIONS: It is our intent to operate any Optional Extensions on a private group basis. However, should the number of participants be of an insufficient level, we reserve the right to either - add a surcharge to the previously stated selling price to be able to still offer the extension on a private basis or operate any individual tour on a shared basis with other non-group participants or cancel the tour and provide a full refund of all monies paid. No refunds can be provided for cancellation of any tour by the client while in the destination.
