The Destination... NEW ZEALAND

New Zealand is a unique land of breathtaking scenery that includes some of nature's most surreal and stupendous ideas, from flightless birds to gigantic kauri trees. Superlatives abound here and visitors may struggle to adequately describe everything they see and experience.

Thrust into the world's spotlight by the success of *The Lord of the Rings* trilogy, the country has seen a massive surge in visitor numbers and continues to reap the benefits of this cinematic triumph; and if the country overwhelmed and wowed viewers on the big screen, it'll leave them breathless when they arrive and explore its remote, rugged and remarkable landscape in reality. New Zealand is deceptively diverse and complex, punching well above its weight in terms of what it can offer to both the first-time and repeat visitor.

It is a country made up of two major islands, simply called North and South Islands. They contrast in not only terrain and physical features but also in character and attractions.

The **North Island** is less dramatic visually than its southern counterpart, but is home to around two thirds of the country's inhabitants. The majority of the major urban centres are here, including the capital **Wellington**, situated between green hills and a magnificent harbour and renowned for its natural beauty and also its arts, and culture; and the largest city **Auckland**, known as "The City of Sails" with its numerous boats moored in its attractive harbour. And, not to be missed is **Rotorua**, a volcanic geothermal wonderland of spurting geysers, steaming hot springs and boiling mud pools and also the centre of Maori culture. But as well as being the more vibrant and multicultural of the islands, nature is still a major player here, with volcanoes, swathes of forest, gushing rivers, spectacular thermal regions and a mass of outdoor activities to undertake.

The **South Island**, in contrast, is home to far fewer people, but boasts the country's most spectacular scenery. Empty beaches, soaring mountain ranges, glaciers, fjords and wide-open expanses are all waiting to be discovered. **Christchurch**, steadily recovering from the 2011 earthquake is a charming city with a strong English atmosphere. **Queenstown**, located on Lake Wakatipu is the perfect centre to visit the fiordlands, including the majestic **Milford Sound** with its mountain peaks and cascading waterfalls as well as the Milford Track trek from the Sound to attractive Lake Te Anau through breathtaking alpine and fiord scenery.

New Zealand revels in its status as a world leader for ecotourism and has developed into one of the cleanest and greenest countries in the world. There are 14 national parks throughout the country and almost a quarter of New Zealand is protected land. Home to a mass of animals and birds including the reclusive kiwi, fur seals, yellow-eyed penguins, Hooker's sea lions, dolphins and whales, New Zealand is also a haven for wildlife enthusiasts and birdwatchers. Native trees and indigenous flora provide spectacular surrounds in which to seek out these local residents.

Pair the country's natural traits with a cultural resurgence that's seeing local films, literature, painting, sculpture and design gaining more and more attention, and there's a destination that's becoming increasingly cosmopolitan. Maori culture is thriving and the overall blend of indigenous and European culture provides a unique combination that's worth exploring in galleries, museums and theatres across the country. Throw in some exceptional local food and world-class wine, a slow food scene, thriving café culture, and a mass of regional specialities, and there's yet another reason to tour this small, but mighty, country.

The Itinerary...

DAY 1 – Jan 5, 2018 (Fri) – Depart Toronto

Depart Toronto in the afternoon for your flight to New Zealand on Cathay Pacific. Specific flight times / routing will be forwarded upon registration.

DAY 2 – Jan 6 - In transit across the international date line

DAY 3 – Jan 7 - Arrive Auckland (North Island, New Zealand) (D)

*Improbably strung across a series of volcanoes, and punctuated by islands of green, **Auckland** is one of the most beautiful cities in the world. It is also extraordinary for the diversity of its population, with one-third of its residents born overseas. This makes it a genuine cultural melting pot and the most vibrant city in New Zealand.*

For unparalleled beauty, consider Auckland's natural assets. Framed by the summit of Maungawhau (Mt Eden), it is surrounded by the sweeping expanse of Waitematā Harbour to the north-west, with the distinctive cone of Rangitoto Island and the islands of the inner Hauraki Gulf to the north-east. On a clear day, Little Barrier (Hauturu) and Great Barrier (Aotea) islands and the Coromandel Peninsula shimmer in the distance.

Thanks to its location on a narrow isthmus, Auckland's districts weave around bays and harbours, so you're never far from the water. In total, Auckland and its surroundings are blessed with over 1,600km (994 miles) of unpolluted coastline featuring glorious beaches, so it's no surprise then that the city is obsessed with sailing, with more boats per capita in Auckland than any other city in the world, earning it the moniker 'City of Sails'.

Aside from its natural assets, Auckland is the country's most culturally diverse city, home to a significant Polynesian, Asian and Maori community, who make up almost half of its population. This diversity is reflected in Auckland's eclectic restaurants serving quality Pacific Rim cuisine and its lovely boutiques and fine shops. Despite the fact that it's the country's largest city, it's surprisingly small and has a village-like ambience. From its vibrant, regenerated waterfront and ever-expanding Downtown district to its hip suburbs with their Edwardian and Victorian delights, Auckland teems with delights.

Afternoon arrival in Auckland where you will be met by your guide from our local tour operator partner in New Zealand who will assist you to your waiting coach. Transfer to your hotel for check-in. Afternoon at leisure to relax after your transpacific flights.

Dinner this evening will be in the hotel.

Overnight in Auckland.

Rotorua - the home of fascinating Māori culture, hot springs and boiling mud pools. No visit to New Zealand would be complete without stopping here. This city, on the Volcanic Plateau, has one of the world's most lively fields of geothermal activity and sits squarely on the Pacific Rim of Fire and it's potential as a spa destination was recognized as early as the 1880s. It is also the ancestral home of the Te Arawa people who settled here more than 600 years ago and their presence offers the visitor numerous cultural experiences.

The scenic nature trail, which includes a walk to the stunning Wairere waterfall, and Vi's Teahouse onsite are attractions in their own right. The excavated village offers a first-hand insight into the chaos and mayhem that transpired the night Mount Tarawera erupted. It is an authentic appreciation of the people of Te Wairoa, both Maori and European, on how they lived... and died.

Rotorua is famous for the fascinating nature of New Zealand's most spectacular volcanic area and no visit would be complete without a visit to **Hells Gate**, home to New Zealand's most active geothermal field that features erupting waters, steaming fumaroles, pools of boiling mud, mud volcano and the largest hot waterfall in the Southern Hemisphere. DAY 7 – Jan 11 – Rotorua - Napier (B)

Napier, or the *Art Deco Capital of the World*, as it is often called, is the regional center of Hawke's Bay New Zealand and is the main point for the export of wool as well as fruits. The Napier area is believed to have been settled by the Maori as early as the 9th century. In 1769, Captain James Cook arrived in this area, which was the first part of New Zealand to be sighted by him. The town was founded in 1854 and named after Sir Charles Napier, the British military hero who fought in Sindh, India. Napier was thoroughly destroyed by the earthquake of 1931 and, as a result, was rebuilt in the Art Deco style which was fashionable in those days. The town has some of the best preserved Art Deco buildings in the world on par with South Beach, Miami. The town also serves as an excellent base to explore the world famous Hawkes Bay wine area.

Depart Rotorua to Napier. A pleasant drive will take you into the heart of the Hawke's Bay area, well known for its fruit growing and wine industry, the latter producing around 60% of New Zealand's wine product.

In the afternoon take a specialised **Art Deco tour of Napier**. Napier's now famous Art Deco reputation was a result of the massive earthquake of February 1931 and the subsequent rebuilding of the city in the Art Deco style so popular in the 1930's. Registering 7.9 on the Richter scale, the earthquake levelled almost all of the buildings in Napier and raised the sea bed by 2.5 metres.

This tour combines a gentle walk through Napier city centre with a guided coach tour of the wider Napier area and is a truly complete Art Deco experience. Joining your coach, an Art Deco Trust guide will provide commentary on a tour including Ahuriri port and the 1930s residential suburb of Marewa. Disembarking at the Art Deco Centre, enjoy a walking tour through the city centre, providing a fascinating insight into the 1931 earthquake and the city's rebirth into a world renowned Art Deco gem.

Evening at leisure. Overnight in Napier.

DAY 8 – Jan 12 – Napier winelands (B, L)

Today you will take a comprehensive tour of the winelands of the area, including wine tastings and tours of several wineries. Visit the world famous **Gimblett Gravels Winegrowing District** and take time to look at the type of ground conditions the vines are growing in. Visit New Zealand's only winery museum and take a tour through the winery and also explore the old semi-underground fermentation tanks of yesteryear that are now set up as a museum and also many natural cellars. The wine making process will be explained from the arrival of the grapes through to the finished wines... white and reds separately.

Lunch will be at one of the local wineries. Overnight in Napier

Gimblett Gravels is a brand representing some of the world's finest full bodied red wines created from a special terroir located in Hawke's Bay, North Island, New Zealand.

In 2001, wine producers and winegrowers with land in this special area, formed the Gimblett Gravels Winegrowers Association in order to, collectively, promote wines from this special area to the world. The Gimblett Gravels brand combines the French concept of terroir with modern day thinking to define, protect and market wine. In what is believed to be a first for winegrowers in the New World - wine growing countries outside Europe - Gimblett Gravels wines are based on the ultimate designation of their district according to a tightly specified soil type as the Gimblett Gravels Winegrowing District, covering 800ha, is strictly determined by the gravelly soils laid down by the old Ngaruroro River, which were exposed after a huge flood in the 1860's.

DAY 9 – Jan 13 – Napier - Wellington (B)

*Named after the Duke of Wellington, Arthur Wellesley, and situated at the southern end of the North Island, **Wellington** is the capital and the political center of New Zealand and was recently named "the coolest little capital in the world" by Lonely Planet. Nestled between a sparkling harbour and rolling green hills, New Zealand's capital city is renowned for its arts and native beauty as well as being the best place to experience the art and culture of the Maori and Kiwis. Art galleries, museums and theaters abound in Wellington, including the reknowned Te Papa National Museum of New Zealand. Situated in a spectacular setting on the banks of Lake Wakatipu and surrounded by the Richardson and Eyre mountain ranges, **Queenstown** is known as one of the world's top adventure capitals as well as serving as an excellent base from which to take day trips to the world famous natural attractions such as Milford Sound and Te Anau in the Fjordland National Park. Some say its name was coined by gold prospectors, captivated by the regal beauty of the surrounding mountains and rivers. It's iconic scenery also resulted in the city and the surrounding area being the backdrop for many of the scenes in the highly-acclaimed "The Lord of the Rings" movie trilogy. Queenstown's dining scene and watering holes are also legendary with its compact size making for a vibrant atmosphere in any season.

DAY 13 – Jan 17– Milford Sound cruise (B, L)

Te Anau

Milford Sound

Situated on the west coast of the South Island, **Milford Sound** is a fusion of spectacular natural features with amazing visual cues around every corner. Described by Rudyard Kipling as the 'eighth wonder of the world', Milford Sound is a breathtaking, 16km long fjord carved by glaciers out to the Tasman Sea during the ice ages. The fiord's cliffs rise vertically from the dark waters, mountain peaks scrape the sky and waterfalls cascade downwards, some as high as 1000 metres. It is breathtaking in any weather. and, when it rains in Milford Sound, and it often does, those waterfalls multiply with magnificent effect.

From Queenstown, travel along the shores of Lake Wakatipu and through the rolling countryside to **Te Anau** - a picturesque town on the eastern shore of Lake Te Anau, the largest lake in the South Island in **Fiordland National Park**. Lake Te Anau is the largest lake in the South Island . There will be time for photo stops and short walks along the way. On reaching **Milford Sound**, enjoy a full length cruise of the fiord in modern, purpose built vessels offering excellent viewing of waterfalls, rainforest, mountains and wildlife with large windows, spacious decks and comfortable lounges. Following the cruise, return to Queenstown.

Today, you'll experience the area's longest exhilarating wilderness **jet boat journey** as you navigate the ever changing shallow channels of the glacier fed **Dart River's braided river system**. Several stops along the way to highlight and discuss points of interest that make this such a unique area of natural and cultural importance.

Upon your return, ride the **gondola to Bob's Peak** and enjoy lunch at the Skyline Restaurant with breathtaking views over the lake and mountains.

Afternoon and evening at leisure to explore this spectacular town independently.

Overnight in Queenstown.

DAY 15 – Jan 19 - Queenstown - Franz Josef Glacier (B, D)

It seems improbable that you could find a glacier on a South Pacific island and ice in a temperate rainforest, but that's New Zealand for you - full of surprises. Nowhere else in the world outside arctic regions will you find glaciers just 300m (1,000 ft.) above sea level and just 12km (7 1/2 miles) from the sea.

*Franz Josef Glacier is one of two glaciers (the other being Fox Glacier) which are just a small part of the 115,000-hectare (284,000-acre) **Westland National Park**, an impressive area of high mountains, glacial lakes, and rushing rivers. In 1990, the combined Mount Cook/Westland National Parks, Fiordland National Park, Mount Aspiring National Park, and all the significant adjacent natural areas were incorporated into a single vast **Southwest New Zealand World Heritage Area (Te Wahipounamu)**, which contains about 10% of New Zealand's total land area, or 2.6 million hectares (6.4 million acres).*

Today, head north along the West Coast on the spectacular Route 6 from Queenstown to **Franz Josef Glacier** in the **Westland / Tai Poutini National Park**. Drive past stunning lakes, including the crystal clear waters of **Lake Wanaka**, and lush rainforests as you traverse the Southern Alps via the 564m **Haast Pass**, named after Julius von Haast, a 19th-century explorer who was also geologist for the Provincial government of Canterbury.

Arrive at Franz Josef and check-in to your hotel. Dinner at the hotel. Overnight in Franz Josef.

Day 16 – Jan 20 – Franz Josef - Tranz Alpine Express - Christchurch (B, D)

Known as the 'Garden City', **Christchurch** is interwoven by two rivers linking parks, gardens and avenues. Bordered by the Port Hills and the Pacific Ocean, it is situated on the Canterbury Plains with the Southern Alps as a majestic backdrop. The award-winning Christchurch Botanic Gardens feature one of the finest collections of exotic and native plants found in New Zealand,

In February 2011, Christchurch was hit by a huge earthquake. Much of the central city with its classic neo-gothic architecture was destroyed. But it remains a beautiful city, a city where you can cycle alongside the river or indulge in fine sophisticated dining. The historic buildings remaining are being restored and quake-proofed and the old tram is back on the tracks running from New Regent Street, the 1930s Spanish Mission retail pedestrian street, through 'the square', past the Arts Centre and onto the gothic revival building which houses the 1869 Canterbury Museum.

Continue today on Route 6 beside the Southern Alps as you continue to head north through these spectacular landscapes.

Stop at the coastal town of **Hokitika**, one of the early historic mining towns first settled in 1860, after the discovery of gold on the west coast. It was an important river port, but many ships came to grief on the notorious 'Hokitika Bar' – a sandbar that shifts with every tide. However, before the gold rushes, Maori were already heading here in search of another precious stone – pounamu which was prized for its strength, durability and beauty and used for weapons, tools and personal ornaments – it also denoted great status. Pounamu was found in the Arahura River and is also known as greenstone or New Zealand jade. Visit a **local Jade Factory** to see how the stone is finished and made into beautiful jewelry and ornamental pieces.

Continue along the coast and then inland to Arthur's Pass to board the famous **Tranz Alpine Express** to Christchurch. Enjoy thrilling vistas over deep gorges along one of the most spectacular train journeys in the world. Travel alongside the ice-fed Waimakariri River and traverse the mighty Southern Alps where chiseled alpine landscape will take your breath away at every turn.

Upon arrival at the station in Christchurch you will be transferred to your hotel.

Farewell dinner will be at Curator's House.

Overnight in Christchurch.

DAY 17 – Jan 21 – Christchurch - Auckland (B)

Free time to explore Christchurch independently on the final day of your tour before being transferred to the airport for your afternoon flight from Christchurch to Auckland where you will make an enforced overnight stopover in an airport hotel before continuing on to Toronto the following day.

Travel insurance information... Coverage available through Manulife Insurance

We strongly recommend that you take out travel insurance to protect you against the unexpected due to, in particular, limited provincial health care coverage afforded to Canadians while traveling overseas and the cancellation provisions inherent in your booking. We offer two insurance coverage options –

Non-medical Inclusive package - There are **significant inherent cancellation penalties** associated with your booking as detailed in our booking terms and conditions and this insurance package provides coverage for all monies paid for your trip if you should have to cancel due to medical, or other listed, reasons either relating to yourself or a member of your immediate family. It also covers you for trip interruption costs short notice return flight home etc) for medical reasons again, either relating to yourself or an immediate family member as well as flight and travel accident and baggage insurance.

All-Inclusive package – provides coverage for all the components in the non-medical package, plus unlimited health coverage while in the destination

Note, if you believe you may have coverage through your **credit card** we would strongly advise checking with the credit card company the actual coverage afforded to ensure it covers medical, trip cancellation and trip interruption as not all of these items are covered (or may only offer limited coverage as to trip duration or insured \$amount in the event of a claim - sometimes as low as only \$1,000 per person) by all kinds of cards.

"Cancel for any reason (CFAR)" coverage - NEW and at no additional cost !!

So long as you **purchase either of the two insurance policies above at the same time as your tour booking**, you are automatically entitled to this added benefit of CFAR coverage whereby, if you need to cancel your tour booking up to 14 days or more before departure **for any reason**, your policy will refund you up to a maximum of 50% of the cancellation penalties incurred. This is excellent peace of mind coverage to protect you against (50% of the) cancellation penalties incurred in a situation where the reason for cancellation is not one of the regular covered risks in your policy (ie it is essentially "change of mind" insurance).

Our insurance premiums (dependent upon your age at the time of purchasing insurance and your total tour costs) are below -

For residents of Ontario, simply accept your choice of insurance (Non-medical Inclusive or All-Inclusive coverage) on our *online* registration form and we will apply the premium above on your invoice confirmation (if using our *pdf* registration form, enter the applicable premium from the above table when completing the registration form)

For residents of Canadian provinces other than Ontario, insurance regulations state that travel insurance should be taken out directly with Manulife Insurance, albeit through a direct web link hosted on our web site, ie you should purchase your travel insurance policy by clicking on the Manulife Insurance button in the "Useful Links and Files" section of our New Zealand web page within the Upcoming Programs section of www.DoctorsonTour.ca .

A detailed overview of coverage benefits and limitations of each insurance policy that we offer through Manulife may be found at -

Non Canadian residents should make their travel insurance arrangements independently, as our travel insurance provider, Manulife insurance, only allows for travel insurance coverage to be sold to Canadian residents.

Our rating system reflects the majority of the accommodations throughout each program but some variety can occur. Ratings are based not only on room quality but also on facilities and location. Accommodation ratings in overseas destinations outside of Canada are an arbitrary measure and their definition from country to country can differ slightly as well as not always being consistent between individual properties in that particular destination nor are they necessarily comparable to an equivalent rating in North America. Rooms are assigned by the respective supplier(s) on a run-of-the-house basis, in category (ies) as specified in the itinerary and the right is reserved to substitute properties/hotels/lodges/camps/cruise/ships as conditions warrant such change for reasons beyond our control. Accommodations on twin occupancy basis, is provided at the properties/hotels/lodges/camps/cruise ships as specified or similar. Single room supplements apply to persons occupying sole use of a room/cabin but travelling with other passengers on the same tour and sharing transport cost on transfers, game drives, coach tours, sightseeing and excursions. Quoted single room rate does not necessarily mean single occupancy of a double room, as several of the establishments offered have especially designed single occupancy units.

SINGLE PASSENGERS TRAVELLING TOGETHER: If you are travelling with a companion and each paying separately the regular each of two double sharing accommodation rate and your companion decides to cancel, the remaining travelling passenger will be responsible for either finding a replacement travelling companion to take the cancelled passenger's place or must pay the single supplement and travel on a single basis.

MEALS & BEVERAGES: Meals as included on our itineraries are either buffet meals and/or table d'hôte. Meals ordered through room service are not included and must be paid directly to the establishment. - (1) add a surcharge to the previously stated selling price to be able to still offer the extension on a private basis or
