

Professional Advancement Escape
CME, CULTURAL & ECOLOGICAL TOUR OF BRAZIL
March 10 – 23, 2013

The tour...

Brazil, the fifth-largest and fifth most populous country in the world, is an amazing country by any measure. Dazzling beaches, tropical islands, picturesque colonial towns, verdant rainforests and vast pristine wetlands - Brazil's landscape is as diverse as the people who inhabit it. From **Rio de Janeiro**, a beautiful and pulsating city embedded between mountains and the Atlantic Ocean, to the **Pantanal**, the world's largest freshwater wetland and home to the greatest concentration of wildlife on the continent, from the beautiful colonial cities of **Salvador**, to the spectacular **Iguazu Falls**, Brazil offers visitors a unique experience. A country revered for its football prowess and rich musical traditions, Brazilians exhibit a pure love of life and an enduring spirit which will captivate you. And maybe extend your trip to the colonial resort of Paraty – recently featured as a must see by Conde Neste.

The CME program (15+CME hours)...

Medical Director – Dr. Rachel Kassner, Charlottetown

- Academic Conference (Salvador)
- Visit to Charitable Works Foundation of Sister Dulce (Salvador)
- Family Health Program facility (Barao de Melgaco, Pantanal)
