CME & CULTURAL TOUR OF JAPAN

“THE LAND OF THE RISING SUN”

MAY 9 – 23, 2026

The tour...

Japan is a land of contrasts and this 13 night itinerary embraces these, combining exciting and innovative contemporary Japan with its traditional legacies. Start in the cosmopolitan capital of **Tokyo**, then onto the **Hakone National Park** for magnificent views of **Mount Fuji** and where you will stay in a lakeside wellness retreat. Then travel to **Takayama**, a traditional alpine town with much history and culture and on to **Kanawaza**, the rich castle town on the Sea of Japan which thrived as the center for culture and the arts in the 17th century. Learn about the somber history of **Hiroshima** and Peace Memorial Park and visit charming **Miyajima**, a small sacred island located in the Seto Inland Sea before concluding your Japanese immersion in **Kyoto**, with its multitude of temples, shrines and castles, one of the best preserved Imperial cities in Japan.

What our clients are saying about our escapes...

“The Japan experience ranks among the very best offered by DoT - seamlessly blending the country's rich history and culture with outstanding cuisines and activities. The farewell Kimono dinner with Geisha entertainment was particularly noteworthy as well as the beauty of the Five Lakes region, majesty of Mt. Fuji, the ryokan experience and the many beautiful Japanese gardens and historic sites! Outstanding experience!”
